

MINI SYMMETRIC INSERT- IMTEC/IMTH

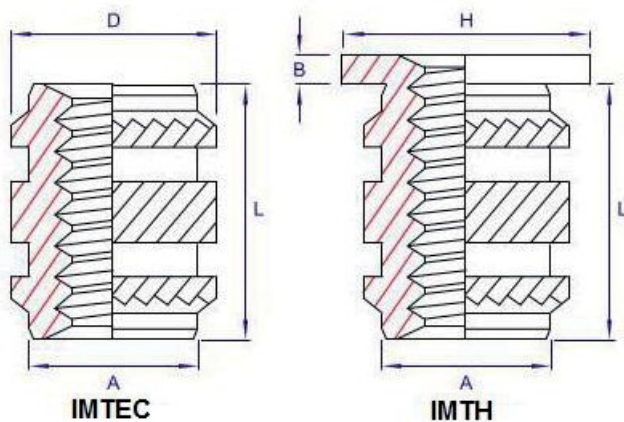

NOTES

IMTEC is a miniature insert with all the design features and characteristics of the symmetric Insert (ITEC) range. It is ideal for today's smaller plastic products and enables the use of very small screws that will provide complete re-usability with no risk of thread stripping problems.

IMTEC/IMTH

Thread	D	A	H	B	L	Hole Size +0.10 -0.0	Min Wall Thickness
M1.4	2,50	2,10	3,00	0,40	3,00	2,15	0,8
M1.6	2,50	2,10	3,00	0,40	3,00	2,15	0,8
M2.0	3,00	2,60	3,50	0,40	3,00	2,65	0,8
M2.5	3,65	3,15	4,00	0,40	4,00	3,20	1,0

MATERIALS AND OTHER TYPES

- Brass, Stainless Steel to special order
- Aluminium to special order
